## Overview

Manage household electrical appliances from anywhere in the world with a tap of your smartphone. Conserve energy by switching off devices remotely from anywhere in the world via the app. The Smart Plug features two USB ports to charge your USB devices.

## Install the Application

Download the "Kogan SmarterHome" app from the Play Store (Android) or App Store (iOS).

### Register

If you do not have a Kogan SmarterHome account, register or sign in with a verification code sent by SMS.

#### To register

1. Tap to enter registration page.
2. The system automatically recognises your country/area. You can also select your country code manually. Enter your mobile phone number/email address and tap "Next".
3. If you choose the mobile phone number option, then enter the verification code in the message sent to you by SMS. Set a password as prompted and press "Confirm" to finish your registration.

## Add Device Through Network

1. Power the SmarterHome device on and follow the product-specific instructions to enter the Wi-Fi-connect mode.
2. Open Kogin SmarterHome app and tap "+" in the upper right to add a new device through the network.
3. Ensure the device's indicator light rapidly flashes and tap "Confirm light is rapidly flashing".
4. Select Wi-Fi network (note: network must be 2.4GHz band) and enter the password.

The device will commence the pairing process and connect to the app.

5. After successfully configuring the devices, the device will be shown on the home page. Tap to enter its control page.

### Note

- When device is online, it can be controlled.
- When device is offline, it displays "Offline" and cannot be remotely powered on.

# Google Home

Note: You will need to have set up a Google Home account prior to linking your Kogan SmarterHome™ device.

1. Select "Menu" and then "Home Control".
2. In the "Home Control" screen, select the + icon in the bottom right.
3. A list will appear showing actions and a search function to access more apps: from here, install the SmarterHome™ app.

4. Log into your SmarterHome™ account with your email address or mobile number.
5. Once linked, it will show the devices linked to your account: you can assign them to rooms. You will be prompted to authorise apps to sync.
6. Click Done, and then it will give you a list of commands available.
7. When successfully linked, you will see it on your "Home Control" screen at the bottom of the app screen. You can now control your Kogan SmarterHome™ devices through Google Home.

Note: You will need to have set up an Alexa account prior to linking your Kogan SmarterHome™ device.

1. Select "Menu" and then "Skills".
2. Search for the app and enable it.

3. Log into your SmarterHome™ account with your email address or mobile number.
4. Select "Discover Devices" and the app will begin searching.
5. When successfully linked, you will see a list of connected Kogan SmarterHome™ devices. You can now control your Kogan SmarterHome™ devices through Alexa with your voice.

## Operation

Your Smart Plug requires a Wi-Fi network. Mobile remote control requires an iOS or Android device with Wi-Fi, 3G or 4G connection.

Charge your two USB devices and worry no more about low battery!

### LED

**Solid blue:** Connected to network.

**Off:** The Smart Plug is switched off.

Press to turn socket ON or OFF.

Press and hold for 5 seconds or until the LED flashes blue to factory reset the unit and return to the app onboarding process.
